

About Reperio:

Reperio Travel Experience! A travel programme with a difference!

Reperio started as a student programme of TT Shuttle. Its objective through various tours and language and cultural immersion activities is to create a forum by which all Caribbean students, regardless of language and culture may be able to seize and create opportunities for themselves.

Today, Reperio has expanded to include adults who love to travel to new destinations and want to deepen their understanding and appreciation of other cultures. A special feature of this programme is the opportunity to learn the basics of conversing in the language of the destination.

All of our destinations promise to provide travellers with a truly unique experience that combines fun, adventure and learning.
